

Agilities© for Educators Training Syllabus

The DeBruce Foundation recognizes the crucial role of both formal and informal educators in coaching students on their career journeys. This free, online, asynchronous training will equip you with the knowledge needed to establish an Agilities Classroom. You will gain the expertise to seamlessly integrate the Agilities educational resources into your teaching.

Expected Outcome

After the asynchronous modules, you will understand the implementation strategies behind the grade-level resource kit(s) of your choice depending on your training selection. The training and resources are available on a membership-only site. They are fully funded by The Foundation: there is no cost to access the training or resources for your students.

Value of Integrating Agilities© in Learning Environments

Stakeholder	Value
Students grow confidence and Career Literacy	<ul style="list-style-type: none"> • Develop confidence in discussing strengths and interests related to current and future career-connected endeavors • Explore and learn work-related skills through a variety of experiences • Create a portfolio to reflect on growth and communicate the value of experiences
Educators develop informed career decision-makers	<ul style="list-style-type: none"> • Connect classwork and experiences to relevant work-related skills • Affirm the value of educational experiences using a common language • Increase engagement as youth understand and utilize their value to improve their school environment
Families nurture confident youth	<ul style="list-style-type: none"> • Build awareness of and affirm their child's strengths and interests • Promote a variety of post-secondary opportunities that align with their child's strengths and interests • Open positive communication channels, encouraging youth to have a vision for their future career
Administrators build quality career development programming for all students	<ul style="list-style-type: none"> • Develop confident students who can speak to community members with a common language around work • Prepare students to become 21st-century informed career decision-makers by graduation • Activate Agilities resources that are easily integrated into existing initiatives

Course Guide by Module

Module 1: Introduction to Agilities© for Educators

Objectives:

By the end of this module, the learner will...
Discover the mission of The DeBruce Foundation
Understand the value of integrating Agilities into a classroom for various stakeholders
Gain access to the elementary, middle school, and high school and beyond welcome kits

Module 2: Agilities© Overview

Objectives:

By the end of this module, the learner will...
Become aware of the Agilities framework
Become aware of their ranked Agilities
Discover resources embedded in their Agile Work Profiler results
Understand the meaning of each Agility
Determine the value of integrating Agilities into their work
Discover the value proposition of the Agile Work Profiler
Examine a career development model

Module 3: Career Explorer Tools©

Objectives:

By the end of this module, the learner will...
Locate where to access the Career Explorer Tools
Explore basic tips to successfully utilize the Career Explorer Tools
Examine the differences between the five Career Explorer Tools
Practice using the Agilities Comparison tool
Expand your career pathways using the Agilities Comparison tool

Agilities

BY THE DEBRUCE FOUNDATION

Module 4: Creating an Agilities© Classroom

Objectives:

By the end of this module, the learner will...
Discover the value of creating an Agilities Classroom
Examine how to use visuals to establish an Agilities Classroom
Identify how to incorporate Agilities language with students
Develop strategies to manage groups with students' Agilities
Understand how to connect your local community to engage with students around Agilities

Module 5: Agilities© Vocabulary Development

Objectives:

By the end of this module, the learner will...
Understand the purpose of Agilities vocabulary development
Discover strategies to introduce and reinforce Agilities language with students

Module 6: Implementation

Module 6E: Agilities© for Elementary Implementation

Objectives:

By the end of this module, the learner will...
Understand how to navigate the resource kit
Discover the content and structure of each section of the resource kit
Discover the resource kit implementation options
Understand the value of leveraging the Agilities with younger students
Identify strategies to introduce and reinforce Agilities language with younger students
Understand the purpose of integrating Agilities into goal-setting
Discover strategies to activate Agilities into goal-setting

Agilities

BY THE DEBRUCE FOUNDATION

Module 6MS: Agilities© for Middle School Implementation

Objectives:

By the end of this module, the learner will...
Understand how to navigate the resource kit
Discover the content and structure of each section of the resource kit
Discover the resource kit implementation options
Understand the value of leveraging the Agilities with middle school students
Discover options to facilitate the Agile Work Profiler
Identify strategies to introduce and reinforce Agilities language with middle school students
Understand the purpose of integrating Agilities into goal-setting
Discover strategies to activate Agilities into goal-setting

Module 6HS: Agilities© for High School and Beyond Implementation

Objectives:

By the end of this module, the learner will...
Understand how to navigate the resource kit
Discover the content and structure of each section of the resource kit
Discover the resource kit implementation options
Understand the value of leveraging the Agilities with high school students
Discover options to facilitate the Agile Work Profiler
Identify strategies to introduce and reinforce Agilities language with high school students
Understand the purpose of integrating Agilities into goal-setting
Discover strategies to activate Agilities into goal-setting
