

DEVELOPING OTHERS

THIS IS THE AGILITY FOR RECOGNIZING AND CULTIVATING OTHERS' TALENTS.

Agilities® are combinations of your work skills and interests. Use them to work more effectively in your career. People with the talent for Developing Others are effective in teaching, mentoring, counseling, and evaluating others. They identify areas for growth in individuals and provide meaningful opportunities to learn and develop. They can structure learning environments based on individual needs that encourage others to improve their knowledge and skills.
