

WORKING WITH INFORMATION

THIS IS THE AGILITY FOR WORKING WITH INFORMATION TECHNOLOGY, MANAGEMENT, AND PROCESSING.

Agilities® are combinations of your work skills and interests. Use them to work more effectively in your career. People who are adept at Working with Information may be skilled with technology, talented with manipulating, analyzing, and interpreting data, or have expertise in both those broad areas. To be skilled with technology means having the ability to develop, operate, and maintain information technology (IT) software and hardware, which are critical for Managing and processing information. To be skilled at manipulating, analyzing, and interpreting data means being able to collect and store information and to turn information into knowledge.
