

INNOVATING

THIS IS THE AGILITY FOR THINKING OUTSIDE THE BOX.

Agilities™ are combinations of your work skills and interests. Use them to work more effectively in your career. The skill of Innovating helps people work faster and more effectively in their careers. Innovators can rise above conventional wisdom by solving problems, whether designing and creating new applications or developing original strategies for making things happen. Innovators are able to implement and execute plans in novel ways, envisioning unique approaches to ideas and projects.
